Dear friends,

a big welcome to all participants to the Street Fishing World Championship, which takes place this year in Mantua.

You will be welcomed in the Mantua city with cordiality and courtesy and you will find a remarkable range of services that will make you spend unforgettable days.

I would like to take this opportunity to thank the Organising Committee FIPSAS of Mantua, which with great enthusiasm and competence was involved in the organisation of the Championship which supported it.

I would like that this international event leaves a good memory to all of you, both from the sporting point of view and as regards your presence in Italy.

I would like to close this greeting by thanking all of you, athletes, captains, managers and companions for your presence.

Antonio Fusconi
Responsible of FIPSAS Sport Fishing Committee

Dear participants,

Mantua is ready to welcome you for the 2nd edition of the Street Fishing World Championship, which will take place on November 11 and 12 2023 in our splendid city, known throughout the world for its works of art and for the particularity to be surrounded by lakes formed by the River Mincio, stretches of water which over time have gained fame for their abundance of fish.

In every period of the year, in fact, anglers can be seen on the banks of the city threatening fish such as for example asp, black bass, pike, pike-perch and perch with the spinning technique and in recent years with our great satisfaction we register a development of young and very young people who are increasingly passionate about this discipline.

We therefore invite all the best agonists of your national teams to participate in this event, confident it will be a success, together with their companions who will enjoy the beauty of our Renaissance city and taste the specialties of the Mantuan cuisine in the numerous restaurants present in this area.

Pavesi Umberto

President of the Organising Committee
of the 2nd Street Fishing World Championship

Through four centuries of governments, the Dukes of Mantua engaged the most famous artists of the times, such as Leon Battista Alberti, Pisanello, Andrea Mantegna, Giulio Romano, Rubens and others. Their works, still mark the splendour of the town.

ANTI-DOPING INFORMATION **TUE REQUESTS**

The athletes participating in the Championship, with the registration, implicitly accept all WADA anti-doping rules. Athlete whose illness or condition requires treatment with a prohibited substance or method must apply to CIPS for a Therapeutic Use Exemption (TUE) following the CIPS strict TUE application process.

He/she shall then use the application form, which can be downloaded from the ITA website:

https://ita.sport/uploads/2021/02/ITA_TUE_Form.pdf

The TUE request has to be sent to the following address: tue@ita.sport

Athletes must therefore consult the Prohibited List

https://www.wada-ama.org/sites/default/files/2022-09/2023list_en_final_9_september_2022.pdf

If the TUE is granted, the athlete will then be permitted to use the medication during the period of validity of the TUE without committing an Anti-Doping Rules Violation (ADRV).

Regardless of whether a TUE has been granted or not, athletes should always declare on the doping control forms filled out during sample collection any medications and supplements taken within the seven days prior to sample collection, and any blood transfusions in the three months prior for blood samples.

If a TUE has already been granted by a NADO or by a RADO, the Athlete in question does not have to apply for any additional CIPS TUE, as CIPS recognizes all TUE granted by NADOs and RADOs.
